

HOMECOURT PREMIUM FOR TEAMS

Let HomeCourt Supercharge Your Team Experience

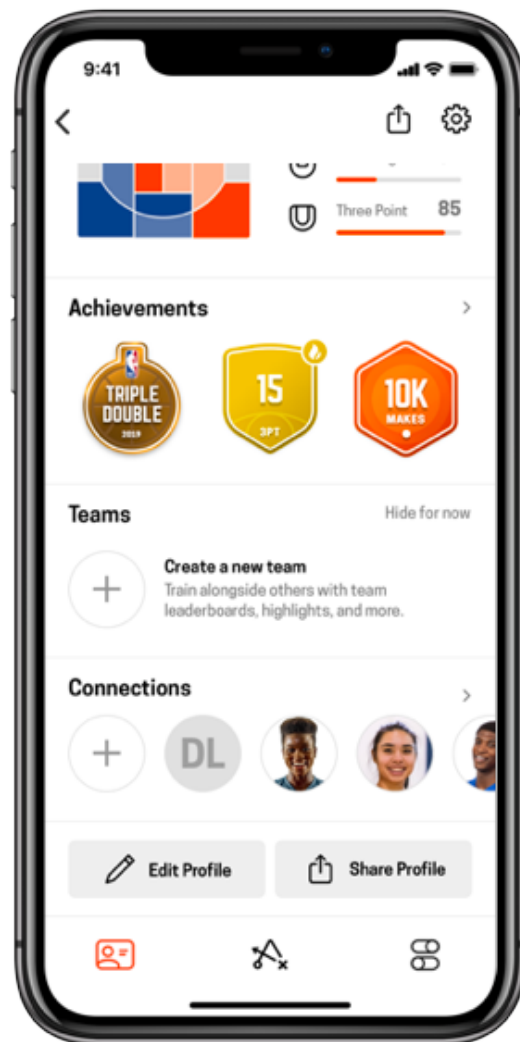

For many of us, being on a team is why we play sports. The camaraderie, the sisterhood, the brotherhood, the feeling that you can accomplish more together than alone. Teams are not just for organized sports. Teams are our families, our coworkers, and friends that help us stay motivated and grounded.

HomeCourt helps teams connect virtually, engage in healthy competition, and get better together.

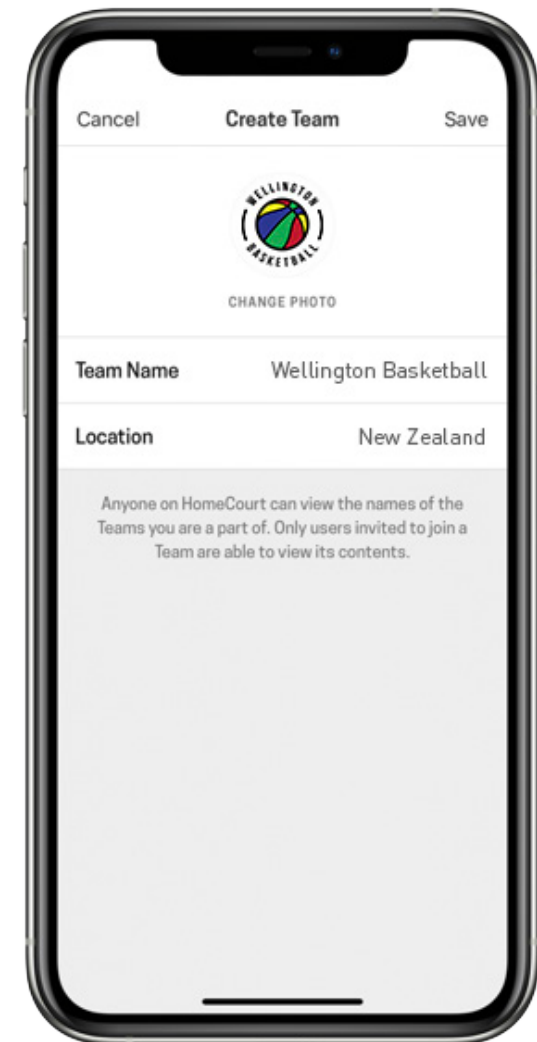

Benefits for your team include:

- 🏀 Virtual Community Creation and Communication
- 🏀 Interactive Content for Players of All Levels
- 🏀 Foster Player Development
- 🏀 Encourage Healthy Competition
- 🏀 Enhanced Gameplay
- 🏀 Dedicated and Tailored Support

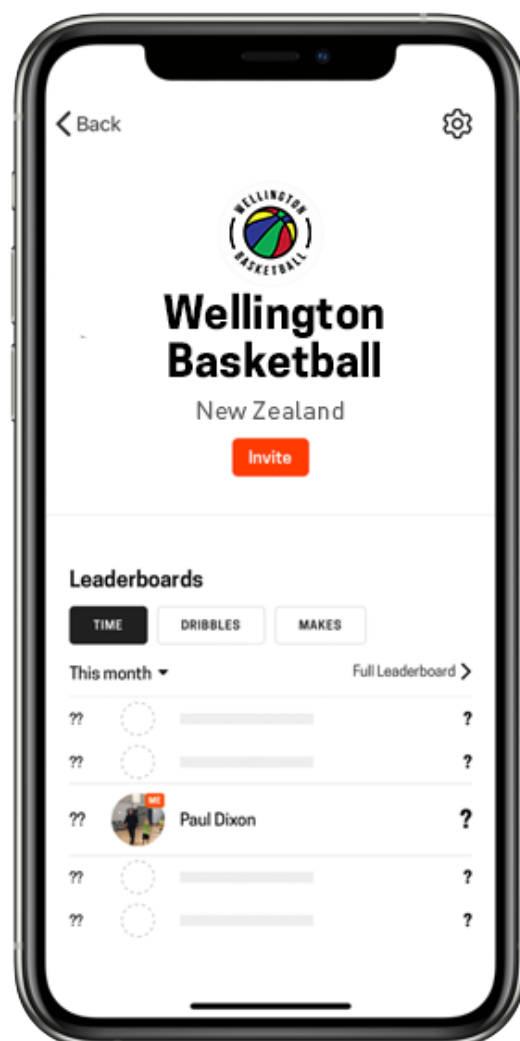

Easily set up a team.

1. Click “+” in the Teams Section to create a team

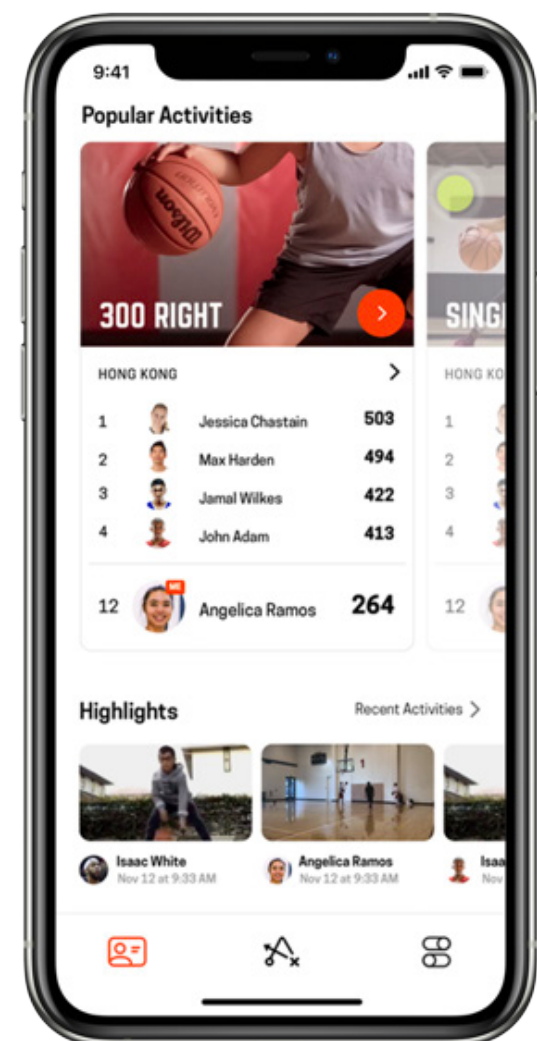

2. Insert team photo, name and location

3. Click “Invite” on team page to invite players

4. Access leaderboards to track performance

5. View highlights and most popular activities

For Players and Parents

With this update, players can join teams they are invited to and receive challenges and assignments from their coach to engage in team-wide competitions.

Parents can help with profile creation, review workouts, and track progress of their family members with our in-depth Skill Rating system.

For Coaches and Organizers

With Rosters, coaches can now create teams and easily add / invite players all in one place. Please refer to the above roadmap for simple steps.

With Team Leaderboards and Highlights, coaches can review the overall team and individual effort happening on HomeCourt members with our in-depth Skill Rating system.

Have feedback? Please email us at teams@homecourt.ai. This is just the start. More upgrades coming soon!
